

# Day Services Modernisation

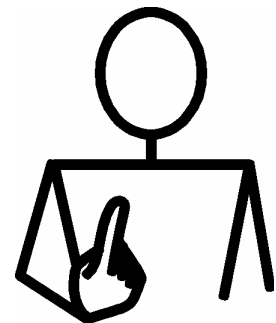

**This means the changes that are happening to our day centres**

There are lots of changes that are happening to day services across Devon.

## What will Happen ?

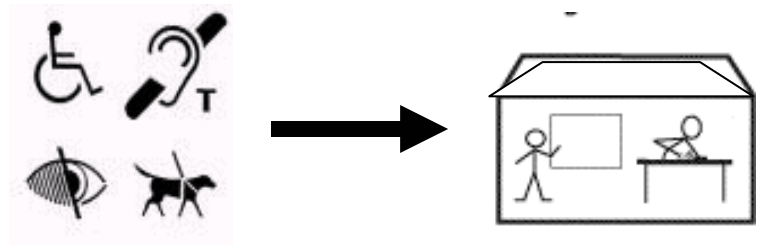

You will be asked what you want to do

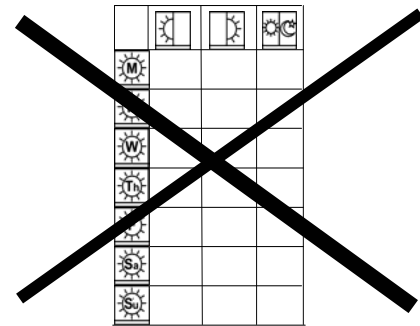

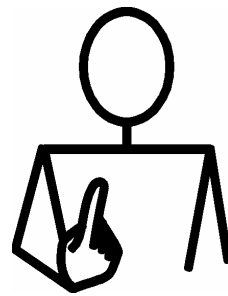

There will be places called community hubs. These will be places in the community where you can meet friends and be helped to do more things in the community.

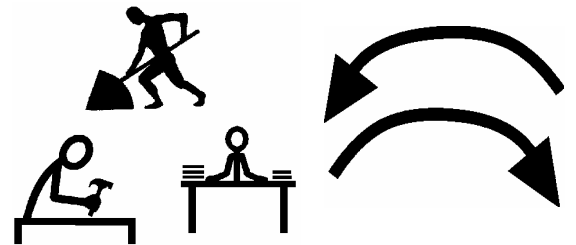

There will be places for people who need more care and support to go to during the day.

The new service will be more person centred. This means that people will not have to fit in with a timetable and will be able to do more of the things they want to.

You will need to have the right support to do the things that you want to in the community. This means that the jobs of the day centre staff may change.

At the moment people are being interviewed for the new jobs.
