Community Hub

People from Fulfilling Lives meet at Puzzletree. They are supported by staff to achieve their personal dreams and goals in the community.

Drop-In

People can come here to find out
about things to do and for
advice

Some people need support to
drop in and some come on
their own.

Puzzletree is a drop-in centre for
anyone with a learning
disability, their families and
carers

Success Story.....

Michael talks about how
the modernised
service has encouraged
and enabled him to find
his independence.

Story 1

M. B.

My name is M. I used to come to the Leaze a lot and go on the computer with staff who don't work there any more. I done a lot of drawing on the computers and designing, staff took interest and helped me join a college Art course.

I went on my own, I had help to join on the course for a few weeks but then I was by myself.

We drawed, sketched and designed. I meet lots of people I didn't know before and was able to make new friends. I'd walk there myself from puzzle tree, I had a mobile phone in case I needed anyone. I didn't know how to use a phone before but staff at puzzle tree were nice and helped me learn.

Through all the design art work I did at college, the PCP co-ordinator took lots of interest in my design work, and asked if I would like to work with her for one morning a week, to help others with their plans. I advise on what I think is the best design and also help take photos.

So for me not only did modernisation help me go to college but I'm able to use a mobile phone and have bought one for myself, I've also got a job helping with PCP plan designs and it's given me more opportunities and choices that I wouldn't have had before.
