

## Devon's Corporate Parenting Strategy

Image	Text
	<p>Corporate parenting means being loving and caring.</p> <p>It means wanting the best for all children and young people who are in our care.</p>
	<p>Being good corporate parents means helping you in the same way that we would help our own children.</p>
	<p>Our main aim is for everyone in Devon to have the best possible childhood and get the most out of life.</p>

We want to help you do well in all the different parts of your life.

These are our list of things that we want you to have in your life.

We want you to have a safe, stable and loving home to live in.

We want you to be healthy and well.

We want you to learn and do well at school and college.

We also want you to have fun and learn new skills.

We want you to have lots of other people who you like and trust.

We want you to be respected for who you are as a unique individual.

We want you to be able to say what you think and feel, so you can help us make our services do better for you.

We want you to be safe and protected from any harm.

We want you to be ready to do things on your own when you get older and become an adult.

We will check with you that we are doing what we say we will do.
